

Giving Children and Young People the best start in life

Free event on Saturday 11 May

Join local school governors and invited guests at Sandwell Council House from 1000 – 1200 on Saturday 11 May, for coffee and a discussion about how to give children and young people in the Borough the best start in life.

The event is open to parents, professionals, school governors and anyone with a passion for helping young people. No booking required, just come along. This is a great opportunity to network, give your perspective, learn about the work governors do and plans to get UNICEF Child Friendly status for Sandwell.

The event is taking place in the Annex to the Council Chamber. Access via the link reception behind the fountains. Any enquiries, please contact julie.hayes@sips.co.uk
